Loving, supervised care for adults.

Welcome to Neighborhood House, a safe and caring environment for individuals 18 years and older who need supervised care during the day. We're here to help your loved ones receive the emotional, cognitive, physical and social stimulation needed to encourage independence, prevent isolation, and avoid premature placement in long-term care facilities.

WELCOME TO
OUR HOUSE,
WHERE
ALL ARE WELCOME,
REGARDLESS OF
THEIR ABILITY
TO PAY

We also give caregivers a much-needed respite and the ability to continue working. Our services include door-to-door transportation; medical assistance; hot, nutritious meals and snacks; and referrals to resources within the community.

Quality programs

Our staff will immediately make your loved one feel at home with loving care and engaging activities in a home-like environment. These activities include:

- Certified Therapeutic Recreation Specialists
- Community outings to local attractions
- Supervised and guided outdoor walks on and off property
- Cognition and reminiscence activities
- Social encouragement with large and small groups
- Intergenerational activities with our preschool children

A sliding fee scale

We've been serving our community for more than 35 years by providing this important service on a sliding fee scale. Clients pay for our services based on income, so everyone is welcome.

Get to know us better.
