## Quality, affordable care.

Walk through our doors and you'll immediately feel at home. We've created a fun, safe and loving place for children to gain the educational and developmental opportunities needed for a successful start in life.

At Neighborhood House, every child is given the opportunity to grow emotionally, socially and intellectually. Our fees are based on family income, so all preschoolers are given the opportunity to start kindergarten with the same chance for success as their peers.

WHERE  
CHILDREN THRIVE  
AND DOORS ARE  
OPENED

### Accredited programs for toddlers and preschoolers.

Neighborhood House is the only year-round, non-profit and state-licensed center in Utah to achieve NAEYC (National Association for the Education of Young Children) accreditation. That means our services are not only affordable, they are of the highest quality available in Utah.

From our highly trained staff to our engaging and stimulating programs, Neighborhood House gives children the best care and learning experiences possible.

- Healthy breakfast, lunch and snack served daily
- Spacious classrooms with learning centers
- Curriculum that meets the individual needs of each child
- Bilingual classrooms
- Large indoor and outdoor play areas
- Intergenerational experiences
- Low adult-to-child ratios

### The child. The family. The community.

Neighborhood House has Utah's longest tradition of quality, compassionate care. For more than 100 years, we've been providing quality preschool and daycare services, based on each client's ability to pay.

But our services extend beyond the child. We encourage family involvement with parent-teacher conferences, monthly newsletters and monthly Family Fun Nights. These connect families to important community services and resources, provide learning opportunities for parents and offer fun activities for all. Favorites include: Summer Celebration, Harvest a Book Festival and Halloween Carnival.
