## Year-round programs for K-6. Summer programs for kids up to 15.

Neighborhood House youth programs give kids ages 5-15 a safe, fun and supportive place to be while not in school. This includes time before and after school for elementary age children, and all day during the summer for kids up to age 15. During the school year, we provide transportation to and from twelve elementary schools.

Our curriculum provides wonderful opportunities for our youth to expand their learning, increase their confidence, get involved with the community, and acquire the tools they need to succeed.

WHERE  
ALL are WELCOME,  
REGARDLESS OF  
THEIR ABILITY  
TO PAY

- Our sliding fee pay scale ensures our programs are available to all, regardless of income:
- Year-round programs for K-6th grade children
- SOAR I (Summer Outdoor Activities and Recreation) program for 10-12 year olds
- SOAR II program for 13-15 year olds

### Quality curriculum and activities.

Neighborhood House partners with universities, community groups and other nonprofits to engage our youth in activities that encourage socialization, teamwork and self-confidence. Examples of these activities include:

- Art education
- Tutoring and literacy skills
- Computer lab
- Drama and science projects
- Hiking and other outdoor activities
- Cooking, nutrition, and life skills
- Service learning activities and field trips

### The child. The family. The community.

Neighborhood House has Utah's longest tradition of quality, compassionate care. For more than 100 years, we've been providing quality preschool and daycare services, based on each client's ability to pay.

But our services extend beyond the child. We encourage family involvement with parent-teacher conferences, monthly newsletters and monthly Family Fun Nights. These connect families to important community services and resources, provide learning opportunities for parents and offer fun activities for all. Favorites include: Summer Celebration, Harvest a Book Festival and Halloween Carnival.
