

Hello Friend! Neighborhood House is a nonprofit that I love because they serve low-income families on the West Side of Salt Lake City. This year the world-wide spread of COVID-19 has impacted the kids and adults they serve, causing many family members to lose their jobs and thus, suffer hardships as they try to support their loved ones. Because these have been particularly challenging times, Neighborhood House needs your extra help to bring joy to this Holiday Season. There are many ways for you to help! Please find more details here:
